COIL COVERS for GM GEN III LS Series Engines

New sand cast aluminum LS Series Coil Covers are a great way to dress up the LS1 in your street rod or muscle car. These coil covers are designed to eliminate the stock mounting brackets on transplanted LS1 engines by way of fitting coils directly to the underside of the Edelbrock cover. They are intended to create a clean under hood custom appearance and will not fit stock vehicles.

DESCRIPTION	PART NO.
Coil Covers with Standard Cast Finish	4118
Coil Covers with Polished Finish	41181
Coil Covers with Black Powder Coat Finish	41183

ELITE SERIES VALVE COVERS

Tall die cast valve covers are made of heavy-gauge polished aluminum for excellent heat control and valve train noise-silencing. A perimeter of Allen-like bolts gives these one-piece castings the look of two-piece castings, at a one-piece price! Polished fins are accented against a black background featuring the famous Edelbrock script.

GM Performance Parts

Proudly wear the Bowtie with our assortment of GM officially authorized and licensed engine and drivetrain dress-up accessories. Proform produces this line utilizing heavier gauge material and the finest finishes so that your purchase will maintain its great looks and performance for years to come.

DIE CAST VALVE COVERS

These premium valve covers are die cast aluminum, manufactured to GM specifications, equipped with internal oil drippers and GM-designed baffles. They have recessed Bow Tie and CHEVROLET logos, inlaid with classic Chevrolet red. Center hold-down. Tall. Supplied with mounting bolts, stainless steel & rubber washers.

DESCRIPTION	POLISHED	BLACK CRINKLE	CHROME	CIRCLE TRACK
'58-'86 SB Chevy V8, Tall	141-108	141-116	141-117	----
'87-up SB Chevy, Centerbolt	141-130	141-131	141-132	141-139
'65-up BB Chevy V8	141-142	141-141	141-140	----

STAMPED VALVE COVERS

These CHEVROLET Bow Tie valve covers are made of heavy-gauge steel, 20% thicker than typical aftermarket valve covers. They greatly reduce the likelihood of leakage around the valve cover flange area caused by fasteners being over-torqued. The chrome plating meets GM quality specifications. All valve covers bear the powerful Bow Tie and CHEVROLET logos.

All valve covers are supplied in pairs, equipped with air breather and PCV grommets, unless specified otherwise. Technical Note: Production height Chevy small-block valve covers and valve covers with baffles will not clear most stud girdle applications.

DESCRIPTION	CHROME	BLACK CRINKLE	CHROME w/Red Bowtie and Black Lettering	Metallic Gray

FABRICATED ALUMINUM VALVE COVERS

Do you want the hardcore race look and weight savings? Where can you get the trick fabricated aluminum style you see on professional racecars and dragsters? Proform has exactly what you need: precision-welded fabricated aluminum valve covers that are tall enough to clear practically any rocker on the market. Valve Covers have recessed Bow Tie and CHEVROLET emblems (inlaid with classic Chevrolet red), billet mounting rails for maximum leak resistance, and weigh approximately 45% less than stamped steel or die-cast aluminum covers!

78-81 SB V8	141-551		

VALVE COVER HOLD-DOWN CLAMPS

By spreading the load over a wider area, these clamps minimize distortion of the valve cover flanges, thereby decreasing the possibility of oil leakage. Fits Chevrolet small-block V8 and V6/90° engines through 1986.

Part No. 141-610

GROMMET SET

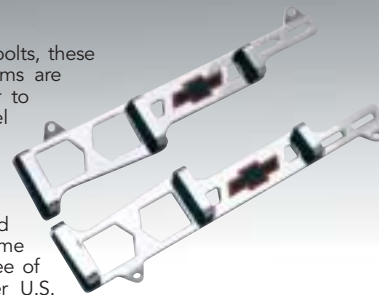

One for push-in air breather and one for PCV valve.

Part No. 141-615

LINEAR WIRE LOOMS

Using the valve cover mounting bolts, these handsome Chevrolet chrome looms are positioned along the valve cover to hold the wires in a neat parallel arrangement. The epoxy-coated Bow Tie emblem is centrally located for maximum visibility. The wire holders are opened and closed individually with a patented nylon wedge to permit the chrome tops to have a smooth surface free of screw holes. Manufactured under U.S. design patents 298,798; 284,262; 311,487. 1 pair per package.

DESCRIPTION	PART NO.	DESCRIPTION	PART NO.
59-86 SB V8	141-638	65-91 BB	141-639

Before purchasing, check exhaust manifold for correct usage. For clearance reasons, the manifold must not be much higher than the valve cover mounting flanges.

IGNITION WIRE LOOMS

Using the divisional red color, the CHEVROLET name and Bow Tie logo are molded onto the black nylon head of each wire loom, mounted on chrome stems. Fits Chevrolet Small-Block V8, 1959-'86 and Chevrolet Big-Block V8 1965-'91. 4-wire looms, 2 per package.

Part No. 141-636

TIMING POINTERS

Available with the distinctive GM and Chevrolet Bow Tie trademarks, these chrome plated zinc die-cast air cleaner center nuts are offered in two popular styles, in both large and small sizes. The large size is recommended for 14" and 10" air cleaner kits, and the small for 6-3/4" and 4-7/16" air cleaner kits. They fit both 1/4"-20 and 5/16"-18 studs.

DESCRIPTION	PART NO.
69-90 Chevy SB V8 or V6/90°, with 6-3/4" or 7" Balancer	141-200*
69-91 Chevy SB 8" Balancer	141-202*
65-91 Chevy Big-Block with 8" Balancer	141-201

**May be used for some pre-'69 engines by relocating top dead center on the balancer.*

HARMONIC BALANCER COVERS

These patented harmonic balancer covers offer improved readability, more stable Top Dead Center indication and timing accuracy, enhanced appearance for a previously ignored underhood area, and the elimination of timing tapes which are inevitably flung off. Each cover is distinctively marked with the famous Bow Tie logo, Top Dead Center and the proper timing degrees. Mounted directly through the center hub, this cover eliminates the effect of any outer inertia ring slippage. Aluminum. U.S. Patent 5,675,078.

Pontiac 301-455	9830
Chrysler 273-360 thru 1992 (exc. Magnum)	9831

CRANKCASE EVACUATION SYSTEM

Designed primarily for drag race applications to reduce pressure build-up in the engine crankcase, providing better piston ring seal, less intake charge contamination and reduced oil leaks caused by high crankcase pressures.

Part No. 6002

VALVE COVER CLAMPS

These chrome plated steel valve cover clamps help distribute bolt pressure more evenly for better sealing. The longer, competition style clamps are ideal for use on valve covers using only 4 hold-down bolts, while the smaller style clamps are ideal for use on covers using more than 4 hold-down bolts. Both styles will accommodate up to a 5/16" diameter hold-down bolt.

DESCRIPTION	PART NO.
Competition long style, 4/set	9817
Custom short style w/hex head bolts, 8/set	9887

VALVE COVER HOLD DOWN BRACKETS

Help prevent oil leakage from stamped valve covers with these chrome steel hold down brackets. Allows you to tighten down valve covers & prevent the flange area from bending. 8/set with 1/4" hole.

Part No. 3681

CHROME PLATED VALVE COVER HOLD DOWN BOLTS

Button Head Hold Down Bolts with "AN" style washers. Fits 1987 & up Small Block Chevy with Center Hold Down Valve Covers. Package 4 per set.

Part No. 9822

AIR CLEANERS & ACCESSORIES

The Mr. Gasket brand provides a variety of performance and racing products for all parts of your vehicle including: carburetor and fuel accessories, chrome-plated accessories, cooling system accessories, engine components, ignition and electrical accessories, shifter accessories, specialty tools and suspension and driveline components.

LOW RIDER AIR CLEANERS

This 14 inch air cleaner is designed to fit late-model GM cars where the hood clearance is minimal. The air cleaner features a chrome plated top with a flame retardant, high cfm filter for maximum efficiency. Comes with PCV fittings and necessary hardware for easy installation. Height is 2 1/4".

Part No. 4339 Fits 2, 3 & 4 bbl. carbs
5-1/8" neck (ideal for Corvettes)

EASY FLOW AIR CLEANERS

Providing the maximum in efficiency and beauty, these air cleaners feature a chrome top cover with a plated steel base enclosing a flame-retardant paper element.

DESCRIPTION	PART NO.	DESCRIPTION	PART NO.

4" Diameter, 2" high, Fits 4354 & 6475	1489A		
6 1/2" Diameter, high riser, 3" high	1485		

AIR CLEANERS

These air cleaners are made from heavy gauge steel, polished to a high luster, then chrome plated for lasting beauty. Replaceable paper filter elements assure free breathing & positive filtration. Fits 2, 3 & 4 bbl. carbs with 5-1/8", 4-7/32", 3-1/16", 2-5/16", 2-5/8", & 2" diameter necks. Complete with hold down stud & wing nut.

DIAMETER	ELEMENT HEIGHT	STYLE	Part No.
14"	3"	Competition	9790
10"	2"	OEM-Custom	9791
6-1/2"	1-5/8"	Easy Flow	1486
4"	2"	Deep Dish	4354

AIR CLEANER RISERS

Allows additional clearance between the carburetor and air cleaner for specialty carburetor linkage, competition carburetor return spring kits, and modified, larger than stock, fuel lines. Available in a variety of height options for most high performance factory & aftermarket air cleaners. Designed to fit 2/4 barrel and throttle body fuel-injected carbs with 5-1/8" diameter inlet.

Part No. 9341 1" Tall (Other heights available)

AIR CLEANER PCV SMOG FITTING

This kit adapts a factory PCV system to your custom air cleaner. Kit includes molded extension, gasket and screws.

Part No. 2081 Universal applications, straight style

THE ORIGINAL STREET SCOOP

Fits most single 4-bbl applications. Gives the competition look of fuel injection scoops, popular on today's Top Fuel and Funny Cars. Designed to bolt on most stock and tunnel ram manifolds and superchargers that use two inline 4-bbl. carbs with 5 1/8" diameter necks and 7 3/4" to 9 1/4" centerline spacing. Street Scoops are complete with air cleaner(s), butterfly assembly and all necessary hardware.

DESCRIPTION	PART NO.
Original Street Scoop - Chrome Finish	6651
Original Street Scoop - Black Crinkle Finish	6651B

STREET SCOOP II

Here's the sequel to The Original Street Scoop... a shorter version, only 14-1/2" long, a full 5-1/2" shorter than The Original Street Scoop! Ideal for V6 and V8 engines.

DESCRIPTION	PART NO.
Street Scoop II - Chrome Finish	6658
Street Scoop II - Black Crinkle Finish	6658B

UNIVERSAL AIR CLEANER STUD

This stud allows you to gain more filter power by using a 5" high element or stacking two stock filters. Kit contains stud, 5/16" stud adapter, and a silver finish wing nut. Ideal for use with 5" high by 14" diameter racing filter.

Part No. 6399

AIR CLEANER SPIN NUTS

Die cast, chrome plated spin nuts! Universal twin tread design fits 1/4"-20 or 5/16"-18 carburetor studs.

Part No. 9863 Large

AIR CLEANER ADAPTER RINGS

End air cleaner fit problems when you change carburetors with Mr. Gasket's air cleaner adapter ring. Molded from a high-impact, heat resistant material for durability.

DESCRIPTION	PART NO.
Adapts 5 1/8" air cleaner to 4 7/32" carb neck	2082
Adapts 5 1/8" air cleaner to 3" carb neck	6406
Adapts 5 1/8" air cleaner to 2 5/8" carb neck	6407

VALVE COVER ACCESSORIES

The Mr. Gasket brand provides a variety of performance and racing products for all parts of your vehicle including: carburetor and fuel accessories, chrome-plated accessories, cooling system accessories, engine components, ignition and electrical accessories, shifter accessories, specialty tools and suspension and driveline components.

OPEN ELEMENT BREATHER

Open element breather measures 3-1/8" tall, and feature a chrome plated 3" O.D. top and a molded bottom base. Also available is a hooded version which has a chrome plated shroud around half of the filter element making it ideal for serious off-road racing and show circuit vehicles.

DESCRIPTION	PART NO.
Push-on Style Hooded	2048
Push-on Style Open Element	2049

VALVE COVER BREATHER with PCV Tube Mopar Style

Chrome push in breather is perfect for race car vacuum balance systems as well as OEM use. It has a 1" O.D. neck and 5/8" O.D. breather tube w/an integral metal baffle/foam element. Fits covers with 1 1/4" hole.

Part No. 2059

CHROME PUSH-ON FILLER CAP

Dress up your engine with this sharp looking, chrome plated push-on oil breather. This breather fits factory and aftermarket valve covers with 1 1/4" diameter hole and comes with rubber grommet.

Part No. 2068

CHROME BREATHER OIL FILLER CAP

Push-on style fits over stock engine oil filler tube.

Part No. 2060

VALVE COVER GROMMETS & PLUGS

Molded from neoprene to insure positive oil seal. Made to fit most stamped or die cast valve covers. 2 per set.

DESCRIPTION	PART NO.
Valve cover plugs, 1 1/4" OD	6375
PCV grommets, 1 1/4" OD x 3/4" ID	6377

CHROME PUSH-ON STYLE PCV BREATHER

Replace your rocker cover PCV valve with this chrome plated performance breather. It has a 3/4" O.D. mounting tube, internal oil baffle with polyurethane filter element and features the Mr. Gasket logo embossed on top.

Part No. 2057

VALVE COVER BREATHER Twist-on Style with Mr. Gasket logo

Mr. Gasket's embossed logo sets off this chrome-plated twist-on breather/oil filler cap. The cap features a high porosity filter, plus an internal baffle. Ideal for high-performance use.

Part No. 2069

CHROME TWIST-ON VALVE COVER FILLER CAP

Throw away that old twist-on filler cap and replace it with this chrome plated cap. Fits most of the popular valve covers.

Part No. 2062

BAFFLED BREATHER GROMMET

A simple rubber baffle that pushes into the breather hole and in turn accepts the breather or PCV valve. Designed to virtually eliminate "oil breather blow by" encountered on non-baffled valve covers. Fits in covers that use 1-1/4" OD x 1" ID grommets.

Part No. 5425 2/set.

PLUG TYPE OIL FILLER CAP

This plug features a chrome plated top with the distinctive Mr. Gasket embossed logo in the center. Fits all GM OEM or aftermarket valve covers with 1 1/4" diameter hole.

Part No. 2067

VALVE COVER BREATHER Twist-on Style Smooth Chrome

Top off your stock valve cover with this custom look, smooth chrome twist-on breather/oil filler cap.

Part No. 2061

CHROME PUSH-ON BREATHER with PCV Tube

Ideal for race car vacuum balance system, or OEM application with positive crankcase ventilation. Features 1" O.D. neck and 5/8" O.D. breather tube. Fits covers with 1 1/4" hole. Grommet included.

Part No. 2054

CUSTOM VALVE COVER BREATHERS & ACCESSORIES

Chrome plated for lasting beauty, these breathers are available for use on stock OEM valve covers, as well as, aftermarket covers with 1 1/4" breather holes.

DESCRIPTION	PART NO.
