

Crate Engines

Now you can order a brand new fully-assembled engine that's virtually ready to run and delivers classic Edelbrock performance right out-of-the-box. Best of all, these engines include high-quality Edelbrock manifolds, heads, water pumps, and more.

EDELBROCK CRATE ENGINES [310 to 675 HP]

Edelbrock is the best choice for a custom built crate engine that's virtually ready to run, right out-of-the-crate. Starting with our extensive knowledge in small-block engineering and product development, we package our dyno-proven engines with our Total Power Package on brand NEW short-block assemblies. This combination is not only performance proven but also built with durability in mind—this is why Edelbrock includes a 2-Year / unlimited mileage warranty with every engine we build.

Finish: Choose from the quality standard As-Cast; timeless Polished; or Industry leading EnduraShine finish options

Water-Pump: All Edelbrock engines are available with your choice of water-pump (please see the Edelbrock catalog for complete listings)

**Performer Dual-Quad 9.0:1—
315 HP / 372 Ft./Lbs. of Torque**

Finish	No Water-Pump
Cast Aluminum	45000
Polished	45001
EnduraShine	45004

Performer 9.0:1—320 HP / 382 Ft./Lbs. of Torque

Finish	No Water-Pump
Cast Aluminum	45400
Polished	45401

**Performer Hi-Torque 9.0:1—
363 HP / 405 Ft./Lbs. of Torque**

Finish	No Water-Pump
Cast Aluminum	46400
Polished	46401
EnduraShine	46404
EnduraShine (Dual-Quad)	46304

Performer RPM 9.5:1—410 HP / 408 Ft./Lbs. of Torque

Finish	No Water-Pump
Cast Aluminum	45700
Polished	45701

**Performer RPM 9.5:1—
435 HP / 435 Ft./Lbs. of Torque**

Finish	No Water-Pump
Cast Aluminum	45900
Polished	45901
EnduraShine	45904

**Signature Series 383—
460 HP / 460 Ft./Lbs. of Torque**

Finish	With Short Water-Pump
Polished	46213

**Performer RPM™ 347—
449 HP / 417 Ft./Lbs. of Torque**

Description	Part No.
With Front Sump Oil Pan	45620
With Rear Sump Oil Pan	45270
Fuel Injected w/5.0L RPM II	
Black Coated Intake	45373

**NEW!
